## PHONIC WORKBOOKS

The books have been designed to be used as a weekly spelling book with a similar format in each book. A specific phoneme (sound) is emphasised each week and a list of words is provided for the learner to practise each day. At the end of the week there is a fun worksheet for application of the spelling words. The worksheets include important vocabulary, language and phonemic awareness concepts i.e. rhyming words, synonyms, antonyms, homonyms, proverbs, similes, collective nouns, gender, sentence construction & tenses.
